CONTACT ME PAGE TABLET LANDSCAPE

Hand-drawn wireframe for a contact page on a tablet landscape. The layout includes a navigation bar with five links: HOME, ABOUT, HOBBIES, Contact, and CONTACT (highlighted). The main content area features a large text input field, two smaller text input fields, and a button. A back arrow is on the left, and a close icon is in the top left corner.

CONTACT ME PAGE
PHONE PORTRAIT

A hand-drawn sketch of a contact page layout in phone portrait orientation. The layout is enclosed in a rectangular frame. At the top left is a circle with an 'X' inside, and at the top right is a square with three horizontal lines inside. Below these are five input fields, each containing a wavy line representing text. The first four fields are single-line inputs, and the fifth is a larger multi-line input area. The second, third, and fourth fields have small square checkboxes to their right, each containing a lowercase letter 'a'. The fifth field is labeled '[message]' in the top left corner and contains two lines of wavy text.
